

Progyny Ranks #3 on Crain's Fast 50 2018 List

The annual list curates the top fastest-growing companies in the New York area

NEW YORK, October 15, 2018 – Progyny, the leading fertility benefits management company, today announced it was named #3 on Crain's Fast 50 List for 2018.

Crain's Fast 50 is an annual list of the 50 fastest-growing companies in the New York area. The list measures growth in revenue from 2014 to 2017. The businesses on this year's list had an average three-year growth rate of 2,082%.

"It's an honor to be recognized as one of the 50 fastest-growing companies in New York," said David Schlanger, CEO of Progyny. "We are honored to be working with an esteemed group of employers who recognize the importance of providing equitable access to robust family-building benefits. Our rapid growth highlights how we are fulfilling on our promise to deliver a superior member experience, better clinical outcomes, and more efficient use of healthcare dollars."

Progyny partners with leading employers to help their employees seeking to have a child successfully achieve that dream. Progyny's solution includes comprehensive coverage for treatments such as IVF and egg freezing, support for surrogacy and adoption, an integrated pharmacy program and unlimited education, guidance and emotional support through Patient Care Advocates (dedicated fertility experts) and proprietary digital tools. Progyny's fertility benefit is the only one in the industry designed to be fully accessible to all employees, regardless of their sexuality or gender. Progyny's program delivers superior clinical outcomes, including pregnancy success rates, miscarriage rates and twinning rates that are far better than the national averages. By significantly reducing the rate of twin and triplet births, Progyny is helping to decrease the \$26B of medical costs spent annually on preterm birth in the U.S.
